Etch and flow tips

Universal Luer-lock design.
Metal tip bent to 45° to access difficult areas.
Allowing you to dispense flow sealant, etch, liner and sealant cement.
Supplied in packs of 100 pieces

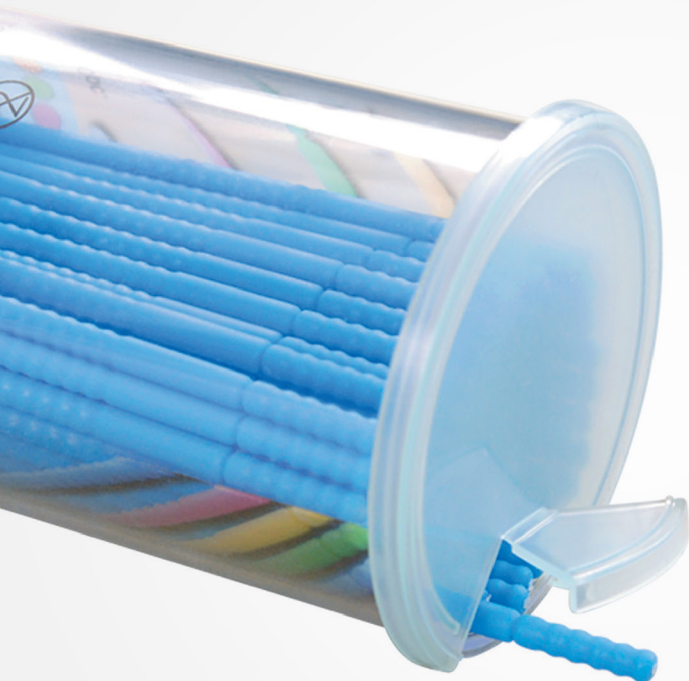

DR9980.01-100
Blue, Etch tip - 23G.

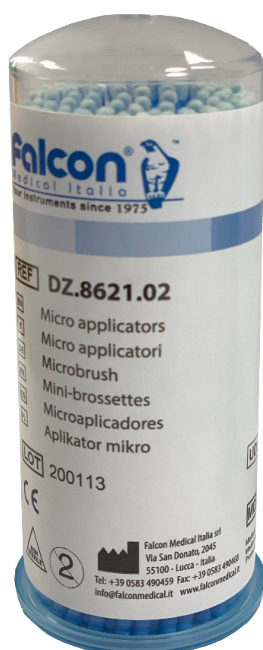

DR9980.02-100
Black, Flow tip - 20G.

Micro Applicators

- Micro applicators with orientable terminal, allow the application of small quantities of material with easy access even to the most difficult to reach areas.
- The fibers do not absorb the material, but hold it on the surface, allowing for optimal release only at the time of application.
- Ideal for applying adhesives, gels, sealants and solutions.
